Are You Aware?

As I traveled around this summer, I became increasingly aware of the many teachers in existence today. Teachers with a few weeks knowledge, teachers with many years of knowledge. Some were humble, some were not. And as I listened to the words they spoke, it did not take long to learn who were the greater of them. To be impressive, to have a big name, to use big words is not always the answer, what is being taught is what matters, no matter how big or small the teacher is, no matter how well he is known. Many great teachers are working quietly doing their thing. Yet we have many beautiful people that are working before large crowds that are giving the same message. So how do we the student, seeking a path of learning tell what we should learn and what we should listen to? How do we just getting started decide who is the right one to go to?

Every teacher you go to has a different answer, his is the right way and the only way to go. When I hear this I stop and ask is this right? What has he got that is different from this other teacher that I met over here? Has he got a new secret? Has he found the answer? He says he knows what I need to learn! Maybe he does, but remember that he only has a part of what you need to know.

This age has had a long series of mortals in human consciousness declaring themselves as great, as learned, as holy, as powerful, as mighty and as specially endowed.

Look upon this panorama as it unfolds itself. The procession passes; it is seen by many for a day, a year, a decade, applauded, worshipped and gone.

There were kings who left great monuments as tombs, Caesars and Napoleons in their might, others who used religion as their game. Today it is the same - greed and selfishness are put in high places, groups and organizations of many types are setting themselves on pinnacles, seeming to serve the public, but ever with an eye to watch and obtain personal gain.

Are there any who are honest in this field? Are there people who are really working for others? Yes, many, some will never be seen or heard by the general crowd of people. And yet many are being heard in large crowds that are good.

Many are charging large sums of money for their teachings. Many are charging not at all; yet every one is worthy of making a living; everyone needs to be able to make a living. But look at what the teacher is giving you for what you are paying. Learn to be discriminating. Learn to research your teacher. Learn to be aware!

All things are available to he who seeks. All things are recorded in history. All the teachings of the masters are available to he who listens and lets the answers come. The teacher you follow had to learn his this way, he had to seek the answers out. He had to learn to become aware.

In our distant past we find a few figures that stand out above the multitudes of men, men, who gave all that others might go on. These men were aware of the over all picture. These men were seekers of the truth that found the answers.

But just because we think that these men were special, does not mean that we must sit back and wait for another to come take their place All that is asked of us is that we become aware of who and what we are. In our seeking for the truth we must always keep the fact in front of us of being aware. Being aware of each little fact that we learn, each thought that comes our way, each teacher that we meet. If we can do this we will have the path opened for us and be guided and directed to the right teacher and master and will not have to pick and choose on the conscious level. In the mean time while reaching this stage, take on the task of awareness and see how much your life changes. BE AWARE.

INTERVIEW:

Bernadene Villanueva

Here & Now interviewed Bernadene Villanueva in Los Angeles on July 19, 1974, just after she had appeared before 2400 people at the Ambassador Hotel. She was introduced by author Jess Stearn, who is now writing a book about her. Mr. Stearn stated that he feels that Bernadene Villanueva has a very significant part to play in the New Age and that the forces working through her can help many people.

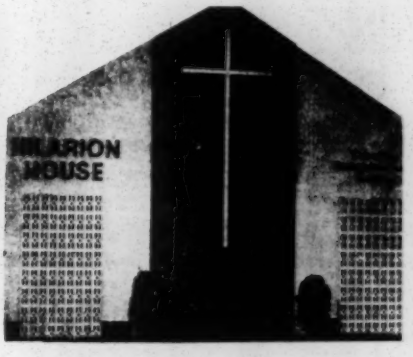
Through published predictions Bernadene Villanueva has become known as a prophetess of uncanny accuracy, and so was considered to be of interest to Here & Now's readers. Parapsychology experts at Duke University have tested her extensively and have lauded her for the unerring accuracy of her predictions. The mother of seven children, she also has founded Hilarion House Creative Consciousness Center in Tampa, Florida. Gifted with outstanding psychic diagnostic and healing powers, she has effected countless miraculous cures, and she works closely with many physicians and psychiatrists across the country. Bernadene gives credit only to the Supreme Being for her amazing powers.

The founding of Hilarion House (pictured below) is an outstanding example of Bernadene's use of inner guidance and of the assistance she is given from "the other side". Here are the key events, as she gives them:

1. The building, seen in a vision, was not for sale—but when she met with the owner, an agreement was reached in 30 minutes.
2. No one knew the name of the owner nor where he lived, yet she was able to get that information psychically.
3. When contacted in another city, the owner commented that he had had the strangest feeling that he was going to get a call about the church. He promptly got in his car and met with her two hours later.
4. She knew the center would be special in terms of location. Hilarion House is located at the exact geographical center of Tampa.
5. She had recently moved within two blocks of the church building, after not being able to locate a suitable house for months.

Located at 4618 N. Florida Ave., Tampa, Florida, Hilarion House Creative Consciousness Center stands as a unique church center which concerns itself with the total development of the individual—his mental, physical, emotional, and spiritual unfoldment. Worship services are held every Sunday evening at 8 PM. Part of this service is devoted to psychic messages and healing. The healing is expecially important to Bernadine Villanueva. She invites all to

Master Hilarion



Hilarion House

come and experience the beauty of psychic reality. In her words, "The full extent of our work here at Hilarion House cannot be realized without the collective significance brought about by the attendance of men and women bonded by their quest for self-realization."

Although she has been aware of her psychic gift since she was a youngster, Bernadene acknowledges that her life's purpose really began to unfold publically with the advent of Hilarion House, and she expects that it will play a key role in the effort to help man discover the divine spark within himself so he can find happiness, prosperity, and, most importanlty, fulfill his own individual, divine purpose.

INTERVIEW:

H & N Starting with Hilarion House, tell us about your Pyramid Tower.

Bernadene: Yes. The church is facing due north. There is this tremendous tower that was not being used. When I saw the tower, I immediately knew that that would be my healing tower. It's a perfectly shaped pyramid. The energy in there is absolutely unbelievable. The room is in three layers, the top layer seating 4 people. On the second layer the energy is very, very strong, and the third layer is just amazing. We've had plants in there that we've experimented with. The meditations are very strong. I feel that within this coming year that information will come forth from the great pyramid and Egypt that will help our world today. I feel that many people even in private homes and in their private lives are now experimenting with the pyramid power, and it isn't anything to scoff at.

H & N How do you feel about people contacting you for information or help?

Bernadene I feel that any time the knowledge that I have I will be more than glad to share. The center is open, and we welcome any individual that wishes to study. I feel that there is a need to identify our purpose in life and then accept it. Our activities will certainly identify our purpose, and the activities through which we provide service for others, with no expectations, will bring us our true happiness. As events enter our lives, know that God has placed them there because he cares, and that obstacles are there so that we may have the opportunity to overcome them by living the opposite. Many times I have people ask about a physical disability. They feel, perhaps, that they are being punished, and I touch on Karma with them, the reasons for the illness, for whatever period of time, and then they have greater understanding. Many times they're not following the plan that they should follow, and as long as the plan is not followed in your life, absolutely no part of your life will be right. There will be emptiness, problems, that can only be filled by following your devine plan. Many people are now seeking this plan in their lives. I would ask that they meditate and ask and then willingly accept. Then they'll see, as I have seen in my own life, the plan unfold to them. Not to react in fear, but to accept and go forth. There will be many working from another dimension, most expecially in the coming year. There are many great Masters that are now reincarnating, and they are sharing their knowledge with people who seek. I've been asked why the sudden interest in ESP the past few years, and I can say that people are seeking; they're not satisfied with half answers, and life after death and communication with mind (which is what ESP is) can no longer be hidden.

H & N Bernadene, what role does prophecy play in today's world?

Bernadene: There has never been a greater need than we have at this time. What is truly meant to happen cannot be changed, and many times we are forewarned so that we may alter our actions and change the course of events. Today, as in our biblical times, there are people who are able to see visions, and these visions must be shared with others.

H & N What is the difference between psychic ability and prophecy?

Bernadene: That's a good question. I get psychic impressions from everyone I meet. And I can also attune psychically to specific kinds of information, such as when I am doing psychic counseling for the individual or business man. Many of my predictions based on psychic impressions come in meditation. When I ask to be shown new information that needs to come forward, I might get a psychic impression during a normal activity, like reading the newspaper. In fact, this occurs when I see a photograph of someone, or I see an individual on television. Everyone can receive psychic impressions. The visions are completely different from prophecy, because this is an area that not everyone can handle. I am shown the actual happening. It's like watching a movie screen unfold. If it's a plane crash, I see the bodies--and it's frightening. Therefore, I feel that the individual to whom these visions occur must have faith; they must be able to handle it. There is no adequate way to describe the sensation to someone who has not experienced it, but it truly is like being close to God. From that moment I am able to look into the future and see.

H & N When you see this, is it in color or in black and white?
Bernadene: In color.
H & N In color. And the color means that it is a vision, then.
Bernadene: And I am wide awake. Then I get real sleepy, and it's usually after I get very sleepy, regardless of where I am. Then I let go, to sleep; then I waken, and that's when these visions come.
H & N What is the metaphysical mechanism of psychic prophesy?
Bernadene: That is a good question. With many people a few years ago, they thought if you believed in God, you couldn't possibly be psychic. There was no way to combine the two--the metaphysical beliefs, or the prophecy, the psychic ability, any parts or phases of the occult, or of the unknown as I should call it. I was raised in a home where my ability was accepted, and yet it was a Christian home. It goes back to prophecy in the Bible, and I am glad that I have been able to enlighten many souls there, because prophecy does not take away; psychic ability does not take away your love or your belief in God. To me it's the same. But the metaphysicians have been the ones to bring this together.
H & N Do you see, or do you hear in your prophetic visions?
Bernadene: Both. I see the scene, and I hear. And I accept and speak out when the prophecy is as it should be--and that's why I am allowed to see it.
H & N Do you feel that everyone has these psychic abilities?
Bernadene: Everyone has psychic abilities, yes.
H & N To some extent.
Bernadene: Yes. And this is why I feel so strongly about teaching and having everyone able to use their own God-given abilities. If they could just see the change that it makes in their own lives when they are able to reach out and give information to someone or even use it in their own lives, it's just amazing. Some of the students that I have come to our Center in Florida--we teach psychic development, the ESP--Yoga, astrology, self-hypnotism, meditation. All of these areas are needed today more than ever.
H & N How do you recognize psychic ability in children?
Bernadene: Oh, this is very important to me. My seven children are very psychic. One manifests a very strong gift. Three of the children are far more psychic than the others. The youngest one, the little son nine years old, has made many psychic predictions. But these children have been trained since they were very young. There have been no problems with them in any area of communication. Parents very often come to me with a very frightened attitude when they have a child who sees things around people, be it colors or they react in an area of fear in an individual, and the parent will scold them about it. They should listen to the children. This is why I am writing a book on how to handle a psychic child, because it is so important that the parent accept and be grateful that this child manifests this because many of these little ones today are truly Aquarian children. They are old souls that are coming forth now, and they will put our world back into its proper place again.

Bernadene Villanueva's lecture, July 11, 1974. Ambassador Hotel, Los Angeles

H & N What would you say about the responsibilities of psychics?

Bernadene: This is very important, to me. When I speak to someone and advise that individual, most certainly it is a Karma that I will carry on my shoulders if I advise him in a wrong way—if I use this gift to hurt anyone. And I will say it is a gift. It is only a gift to be able to reach out and help someone. If it is abused, most certainly you will not be allow- to see anything more, and I have seen this happen many times. The spiritual growth must be developed along with the psychic ability.

H & N Will your speaking out change a person's Karma or destiny?

Bernadene: No, I do not feel that it will. When something is truly meant to happen, it will happen—even with a warning. I'll touch on an example of this. I had someone very close to me that I told not to drive on a certain bridge. This was on a Friday. This person had been very close to me, and knew of my predictions. On the following Monday this individual drove on the bridge that I had warned her about and was killed. So when something is meant to happen and does happen, I am allowed to see it. But I have a feeling inside whan a situation can be changed and when it is meant to happen. But I feel a responsibility to speak out. Many times people will react in fear—they will not speak out. I find this spoken about at every lecture I give—that they feel they will be rejected if they warn someone of danger. But it is better to speak out and be wrong than to keep quiet and be sorry. And I know of another area that I might touch on for a moment. When you accept the responsibility of being psychic and you ask for help with it, the teacher will appear when you are ready. And your teacher can be the most important person in your life, be it the physical teacher or a teacher from another dimension. As I have said many times, there are no chance meetings in our lives.

H & N Would you give up, or turn off, this ability, Bernadene?

Bernadene: No, I don't have the right to do this. The visions that come to me can come at any time. I have absolutely no control over them. And I have been asked this question many times—I would not. I would not even consider it, because I have a responsibility and a dedication to my work. In fact, I can't even call it my work—it's my life.

H & N What spiritual or psychic change or transformation do you personally hope to effect upon the community of Man?

Bernadene: The healing is so important to me. I would heal every individual that has any pain if I could possibly reach out and do it. I know many times that people who need healing the most, for some reason, are not healed. And yet, I ask always, regardless of the lives that I touch, that healing take place if it be God's Will—not my wish, but God's Will and what would be right for the individual. But most importantly, right now—and maybe this this is why I'm divinely guided in my travels—the people that I meet and that I speak to, I ask that I be able to say the right words at the right time and illuminate Man's path, because, truly, there is such a need. People are seeking—not only to develop psychic ability; this is just one small part—but people are hungry now to have a spiritual need in their lives fulfilled. And maybe this is why I am physically picked up and placed into areas where, to my knowledge, no other prophetess or healer has been placed.

H & N In the area of healing, is it necessary for the subject to have faith to be healed?

Bernadene: No, indeed not. I have found that many times healing takes place with non-believers, but after the actual healing, then they have the greatest faith. Everyone has faith in something. Some have faith in failure, sickness, or misfortune. When you hear people tell you to have faith, remember that you already have it. The question is, how are you using it?

H & N Can a person be healed at a distance?

Bernadene: We have been very successful with absent healing. I usually request a photograph. But even the photograph is not necessary. As I speak with an individual, or I hear the individual's name mentioned, then immediately I attune to that soul. We have been blessed to have many healings take place at a distance.

Fairs For 74

Our roving reporters attended three conventions during a two week period, meeting many old friends and learning about new ones. We will continue to bring you information about the people that we meet and contact at these affairs. Conventions are being held across the country during the summer months and many are scheduled for the fall. We will try and have a brief report on these affairs, so that you may be informed as to what is happening.

The following people were interviewed at the San Bernardino ESP Psychic Fair which was held on June 25-30, 1974.

MARIA GRACIETTE

"I enjoyed the fair very much, except for the heat. I have seen lots of friends that I have not seen for a long time, and I have made many new friends".

Kricket: What are you doing now?

Maria: I have a school of Journalism in Los Angeles where I teach Journalism. I also have a syndicated column for many newspapers.

Kricket: What newspapers?

Maria: Many local papers and also eastern papers.

Kricket: What do you want for the future?

Maria: I want to write for more papers and make people happy.

BARON VON BRENNER

Kricket: How long has it taken to put this fair together and what is your part in it?

Von Brenner: You can call me the Director of the Fair. Mr. John Agar, the movie actor, and myself put on these fairs. This one took about 6 months to put together. Thats unusually long.

Kricket: How do you feel about it now that its almost over?

Von Brenner: I think its a success. The weather was very hot. Which made it very bad. Its cooled off this evening and I think things will turn out all right.

Kricket: Do you plan any more fairs in the future?

Von Brenner: Oh yes, I have 6 more fairs planned. One were going into in August, the 25th-30th at the Paladium in Hollywood. Then we have one in Orange and one in Newport, plus Dallas, Texas. And I was notified this morning that we will be going into Beverly Hills and Lafayette, Ca. This will all take place in a little over a year.

Editors Note: Inspite of the hot weather at both the Anaheim and San Bernardino conventions due credit should be given to the people who promoted them and the people who ran booths during them. It is not easy to work under those conditions.

California is alive with activity in parapsychology, metaphysics and other significant areas of human growth potential. The Uni-Com Foundation directly supports this activity by serving as its information hub.

The major service which the Foundation now provides is HERE & NOW, a monthly calendar of spiritual and personal awareness activities scheduled throughout California. This popular publication allows "new age" organizations to announce in advance the dates and contents of their meetings to a large and interested audience of individuals and other organizations. The cost of publishing HERE & NOW is supported by paid advertising and by modest subscription fees of $6.50/year, or $11.50 two years.

In the process of gathering information for HERE & NOW, the Foundation becomes aware of leaders who are available for services in counselling, speaking, teaching, research, seminars and retreats. Frequently this awareness, discreetly coupled to organizations needs for such talents, results in effective new relationships. Uni-Com Foundation does not solicit funds for this and other informal services, but is supported by those who see the value of such work and voluntarily wish to become a part of it.

Uni-Com Foundation is a non-profit and non-denominational corporation which lovingly encourages the achievement of a loving society.

Exorcism

Bella Karish

Dr. Bella Karish serves as one of the channels in the work of the Fellowship of Universal Guidance. Over the past 12 years, in the course of their research and their guidance work (led by teachers from the Inner Planes) r Planes), she has gained extensive information on possession by disincarnate spirits. Since this subject is now very prominent in the public's mind and in keeping with Here & Now's "communicating center" policy for the furtherance of man's knowledge of himself & his environment, Dr. Karish's comments on exorcism are brought to our readers.

In our work we have long been aware of the use of Exorcism in its many and varied facets. We feel, however, that spirit is not always all good or evil, nor positive or negative.

In Webster's Dictionary, to exorcise is "the act of exorcising (is) to expel or drive off an evil spirit by adjuration, especially by the use of a holy name; to deliver from an evil spirit".

We have found that spirit can, if negative--not necessarily evil--catalyze a person into a change of cycle and sometimes a change of motive, either high or low. As obsessive love can be just as negative in its possessing attitudes and control, love, can be considered destructive and against the free will of the human.

Many times people have come to us in the belief that they are possessed or obsessed (the latter being thought-patterns mishandling a person through their own obsessive thought, or thoughts from others whose obsessive thoughts become "killing"). In our research we have found that thoughts of hate, anger, resentment, etc., can destroy another person simply by being sent out to become a "curse" action. For instance, a statement such as "I wish he would die", or "I could kill him", etc., lodges itself into the auric field of someone and becomes a real threat to that person's balance and even to his life.

Possessions are disincarnate spirits, earthbound for one reason or another, lodging themselves between consciousness and the spiritual High Self, cutting off

all efforts of consciousness and the subconscious to become balanced or free to complete its karmic contracts.

Sometimes, the disincarnate returns to a beloved, either through being called back, or through a desire to remain tied to the loved one. Others return because of hate and anger so intense that there is the wish to revenge, or avenge, either because of past karma of unfinished relationships or of present life cycles unfinished and unrequited.

We have found that the understanding of the reasons for return are most important and that exorcism can only be accomplished if the karmic debt has been completed, and the desire of consciousness, subconsciousness and the High Self consider it is the time for such a release. Until karma is completed there is still a hold on the human by the possessing entity. The karmic contract between the spirit and the human must be finished in love and understanding. The possession, if it has entered against the free will of the human, must be exorcised and removed. A karmic possession, knowing that it has completed its earthly relationship, can in love and blessing be removed.

There are cases in which there are mischievous entities that haunt and taunt humans to the point of fear, madness. These entities in taking over the characteristics of the personality become destructive and dangerous. There must be an understanding of the law.

These entities must be incapsulated, not just released, because they are capable of entering others in their efforts to "live again"! We have found that encapsulation in the ultra-violet or "black" light is the only light that they understand or can relate to. Demons--satanic forces--do not recognize God nor Light nor love, so they must be sent back to their own source, wherever that may be. This is done with neither love nor hate, impersonally demanding that they be removed, never to be returned to the individual or any other human again.

It is important that the person who performs the exorcism also be protected, so that they do not become infected nor entered when performing this action of removal. Many times the entity wishes to punish the person who who performs this act because they have been removed from their comfortable "home". No one should perform these rituals unless they have complete knowledge of how to perform them for permanent freedom for all concerned. The karmic plan, the karmic contract and pattern, make all the difference in the approach to exorcism of spirit entities.

BURMUDA TRIANGLE

Rev. Anthony Benik

H & N Tony, would you give us a rundown on your discovery of the pyramid in the Bermuda Triangle?

Tony I'm going to back-track to the beginning of this, of how we actually got involved. It was by a very unusual circumstance. I was down in Florida on vacation, fishing off the Island of Bimini. I was drifting, fishing bottom, and my line snagged bottom. I noticed that if I pulled slowly, I was pulling something up, but if I pulled too hard, the rod bent and I was afraid of breaking the line. I didn't know if I had a fish on it or not. I would say that my line was out straight down approximately 85 feet. I slowly pumped the rod up and it took about, I'd say, not more than 5 minutes. What was attached to the hook was, to me, sort of a mind-blower. I had hooked into a tablet of some sort. On the tablet, which seemed to be like two tablets sealed together, there was a seam. I knew that it was not a block of concrete as we know it. It was very heavy. It weighed 45 pounds, and this was the reason it was so hard to pull the line up. The hook had gone into a notch and had drilled a hole into this material as I was pulling it up. It hooked quite well, so it wasn't about to drop off.

H & N What kind of material was it?

Tony You're asking a confidential thing, but let's say it was extremely porous seemed very porous --, and yet it was waterproof. I had no idea what this thing was, and when we got back to shore I took it to where I was staying--I was staying in a private home--, and I would study the thing. My eyes kept flitting from the television back to this stone that we had on the front porch. I went over and took a look at it. Then I got a 5-cell flashlight and really took a good close look at it under a strong light, and I realized that there was definitely a seam around this thing. I asked the man I was staying with if he had a hammer and chisel, and he did. So he got the hammer and chisel, and I lightly tapped all the way around the seam, which took about 2 hours. But the thing finally came apart. The unusual thing about this--I don't know what it means--- is that it was like a positive and negative, in stone form. In other words, if you were making a mold, you'd have the hollowness of the mold, say if you were going to pour wax into it, and the wax would be the positive. The indentation was the negative. This was carved out of this material, and they fit perfectly together.

H & N Why is this confidential?

Tony Because it really hasn't been deciphered yet. We don't know what language it's in. It looked very Egyptian, and yet, it's pre-Egyptian. We don't know what it is. We have sent this material, in fact the whole tablet, plus other things we found later on, to the Smithsonian Institute, and they don't know what it is., it's been put under carbon tests. The material is unknown. They have no idea what it is--what makes it waterproof when it is so porous. It has a magnetism about it which they cannot define, because it's not an electric magnet. They sent the material to a company for analysis because it had spectrascopes and other instruments, and it could give a breakdown on rocks and so forth. And to them it was an unknown material. There were two compositions in there that they don't have listed. They don't know what the composition is.

This fascinated me, and I got sort of interested. So the next time I went to Florida, which was 3 months later, I started doing some scuba diving. Some things that I saw---you read in the paper about things that looked like columns and so forth? They do exist. They are columns--right off Bimini. This was in 1969, the first time we had any experience with this type of thing.

H & N Was that about the time that these columns appeared in Life magazine?

Tony I believe that they came a little bit afterwards, just a few months afterwards. I didn't know what they were. They looked like big columns, but I never associated them with a city or anything. I thought maybe they were drainage pipes or something.

H & N Well you are familiar with Cayce's prophecies about Atlantis being discovered off the coast of Bimini, that Atlantis will rise somewhere in that area?

Tony I am now. At the time I was completely unaware of it. I didn't know who Cayce was. One day in about my 4th vacation back into Florida, I had heard about the Devil's Triangle, and I thought this would sort of be interesting to go into. I wasn't afraid of it. I know that I heard that planes and ships and vessels of any sort that went into it disappeared, and there was no explanation. In fact there was a big report about some planes that flew over it out of Key West from a Naval station, or going to a Naval station--it was a squadron, I believe--that completely disappeared. The entire squadron disappeared. I had no idea what the Devil's Triangle was. I thought, "Well, this is just a myth, American Folk lore, and this type of thing." I found it very difficult to find a captain of a boat that would take us in there--that would even go near it. However, I did find a man from Rhode Island who had just come down to captain his own boat. He was completely ignorant of this Devil's Triangle, as much as I was, and he spoofed it. I didn't spoof it. But at least I got him to

captain the vessel to go into the thing. I couldn't get anybody else. The first time I went there I had two other people with me who were mediums, and when we entered the Devil's Triangle, according to the chart, there was something very unusual in the water.

H & N When was the first time?

Tony 1970. This was actually in April of 1970. When we went into the Devil's Triangle, across the line according to the chart, it was rather a complete stillness. No wind. No movement of water, which is impossible in the Atlantic Ocean. It just doesn't happen. It doesn't even happen in the Pacific. I don't care where it is.

We did some mediumistic type of experiments of trance, trying to find what was going on, and we compiled information about vibratory speeds of the shield---"a shield" is what came through. This shield can be duplicated with instruments, and the instrument actually is no longer, no bigger, than a pack of cigarettes

H & N When you say "a vibratory shield", what is it that you are talking about?

Tony The shield that protects, actually vibrates from the Devil's Triangle from all points that you enter it. It is a protective shield. The shield is very powerful. The Navy, and, as far as I know, some of the other armed services, have tried to distinguish what this shield is, and they have put "electric field" in quotation marks, because they don't know what it is. It has some property to it--say a vibration--that completely defies the laws of physics. Where there should be a polarity, there is none, and where the polarity is, it's in the opposite direction--this type of thing. There's a whole new science in this, but that's not my field. I'll leave it up to the experts. I don't know anything about physics, and I don't want to know. However, we did pick up some very interesting things from the seances in that trip--bits of information.

We came back. And we understand that people won't believe us when we say we came out of the Triangle. One thing we noticed: when we were coming back, the boat was forced on a reverse route, and this was the route that we came into it! We could not leave that route to come out in another portion of this Triangle. We had to come out the same way we came in.

H & N Approximately how far would you estimate you ventured inside the Triangle?

Tony 80 miles. The reason we know that we came out the same way is because our wake remained in the water, completely bubbling, which, again, defies the laws of physics. We cannot explain it. It was like, shall we say, this shield was lifted in this particular area, and the water became alive.

We took water samples before we made our turn. After we passed over the water there were living micro-organisms in there, and yet if we dropped the sample tubes on the left or right side of the boat before we made our wake, it was negative. Nothing was alive in the water. It was very unusual.

H & N That's rather impossible, isn't it?

Tony It is impossible, but so is this Devil's Triangle. Unless there's a law of physics over there. We tried to veer off and come out 15 degrees from our point of entry into the Triangle, and the boat wouldn't go. It just stopped dead in the water. Not until we mentally decided we had to go back the same route, were we, I would use the word "permitted", to reverse our course to go back the same route that we went in on. And as soon as we passed over the water that was still turbulent (that was still our wake, which was 80 miles long) the water calmed again as we passed over it. We were waiting for something to happen--some sound, something to show us that we did pass the point of entry. We were expecting a clap of thunder, or something, but nothing happened. The water just became itself again. We looked back when we came out, and you really couldn't tell any difference. It was almost as though you were looking into a mirror. In other words, you could almost see our boat reflected. This was unusual. I can't explain that. I don't know what it is.

On the second trip we made in there, we took 11 mediums with us to hold seances. We didn't know if we were going to hold one seance or two, or whether it would be effective. On one day we held 3 seances, one in the morning, one at one o'clock in the afternoon, and another one at three o'clock in the afternoon. The seances did not last more than one hour apiece. We had one medium who is also an artist and had his sketch pad with him at the time. He started to do some sketching of what was supposed to be underneath us. The first thing he sketched was an outline of a pyramid. Now you're thinking, I know, of a 4-sided pyramid. This pyramid was not 4-sided. It was 3-sided. It was enormous, according to his figures.

H & N Larger than the pyramid at Giza?

Tony That's a baby. That's an embryo. The height of this pyramid was 7800 feet. It has a flat top. I say flat: you have to think of it also as being square at the top. The top has 4 sides. The 4 sides extend down for about 300 feet. We continued on roughly, say, in a circle for a total of about 150 miles.

H & N Would you say that the flat top of the pyramid was akin to the pyramid that we see on our 1-dollar bill--the pyramid with the top cut off ot it?

H & N What part does Love play ing physical healing?

B The most important part by far. Love can heal almost any illness. It can heal the soul, when there is emptiness, lonliness, and I have seen Love work wonders in many people's lives. It's as if they open the door and allow the Love to come to them. Then, and only then, will their lives fall into place. All experiences are a demonstration of God's love. If we believe and understand the Infinite Will, then we can give Love, and it comes back to us.

H & N Can you pick up the level, or spiritual level or capacity of people by their speaking voice, such as over the telephone or in person, and can you pick up the spiritual level of musciand by their music?

B Yes, this is an area special to me. In a prediction that I gave I said that music would be used for healing, and truly music is a spirit speaking through us. I can hear a person's voice, in person or over the telephone, and tell a great deal about them, the level of development, spiritually and physically. Music in the coming months will be used a great deal in healing.

H & N Can you tell us your interest abd predictions in the field of UFO's?

B My first prediction with UFO's was in the first part of 1958, this was a very frightening vision. I was told, and saw many plane crashes, just one right after another, after each space probe, and that our space probes would create a problem in outer space. I was told they were wrong, that there were both friendly and unfriendly beings there, the warning came from friendly beings. I spoke about this and my work with NASA, they have right along with me, and I said to them that I was frightened about it, after each and every

space probe in the U.S., as well as in Russia, there has been a rash of plane crashes immediately, not one exception. My predictions with UFO's as to areas, and what they are doing has been very specific. Last year I said there would be a tremendous amount of activity with UFO's and that there would be a physical contact. This prediction came out on Oct.1 and less than ten days later two men in Mississippi had contact. There will be many more physical contacts in the coming months. I feel that many beings from another planet are here on this earth planet at this time, they are here to help us, as they are far advanced in medicine, in science, and they are willing to reach out and extend a hand of friendship if we are willing to acept.

H & N Can you tell us, do you feel that people who have had experiences should out?

B I think very defintly that people who have had experiences should speak out, it's the only way that people will start listening. That is why I must speak out.

H & N Can you tell us of some of last year's predictions?

B Yes, we were fortunate in being able to forwarn many people of impending danger. Many national events. Just a few of them: The end of the Vietnam war was predicted Thanksgiving day, 1972, to the month. The trouble with the release of the prisoners of war, suicides, divorces, and the trouble adjusting to everyday living. One of the most important prdedictions was the gasoline and oil shortage, I predicted the first of Jan., 1973, I said that many major oil company executives would be hauled on the carpet and indited when it was revealed there had been a deliberate conspiracy against small dealers and the public. Also the loss of millions of dollars of those having holdings in the mid-east and in other areas.

President Nixon's hospitilization, the trouble and death with President Nixon's air vehicles, soon after the accident with the helipopters happened. The Watergate scandel. What I said was, there would be a major scandal in the White House, which was before the actual happening of the missing Watergate tapes. I saw the tapes being destroyed and felt the majority of the incriminating tapes would never be seen. This was weeks before the tapes were even mentioned. John and Martha Mitchell's problems. Tragedy for the Kennedy grandchildren. Numerous earthquakes in Mexico, Bogota, Columbia, California, Alaska, and many more. Every major airline crash last year. The problems with Skylabs 1, 2 & 3. The assination attempt on Kissinger. Spiro Agnew's problem and resignation, long before he admitted any problem, I said that he would resign in Oct.. This was published in many newspapers. The overthrow of the Greek Government. War in the middle east. The resignation of Golda Meir. And many of the killer tornados that we had recently. Those were just a few.

H & N Bernadene, This morning before we started on this interview in the Los Angeles Times there was a headline saying Makarios tells of narrow escape. This is the cypriot leader and this article is out of London. Do you know of anything in this area, or can you make any prophecy?

B Yes, I've been attuned to that area in the past few ceks. Also the predictions there was made possibly seven weeks ago about this situation and last Thursday July 11th I said there would be earthquakes in Mexico and I think that the following day, and also in Peru, that it was a dangerous area, and I think that a day or so later they had earthquakes in Peru and in Mexico. there were three different areas that were mentioned that evening. I am allowed to see these, and as it approaches time for one these tragedies to happen I start reacing physically, with pain, this happened with the killer tornados in Ohio and in Georgia. they were both predicted before hand and I said that hundreds of people would die in tornados in Ohio, this was predicted the first of April. I called my Editor at the Tribune in Tampa, Florida, and said that this was going to happen within hours, and it did.

H & N Good, so there is fact and record before the event.

B Yes, there is.

H & N Bernadene, please tell us what you have for the future, after this date, July 19, 1974.

B • An amazing an miraculous physical recovery and politcal destiny lie ahead for Governor George Wallace. The Alabama governor will walk again and he will play an important role in politics. His long confinement has brought the maturing process which will make him a more powerful leader than ever before.

• There will be a cancer cure within weeks. This will come from the announcement from, Miami, Florida.

• In the coming weeks another scandal that will rock the United States politcial scene, voices will literally speak from the grave.

• I am still concerned about the health and welfare of President Richard Nixon. I feel there will be many changes in the White House soon, I am concerned, especially concerned about a death by violent manner. The pressure of Watergate is pushing the President closer to the brink of death. There is concern at this time for the First Lady, Patricia Nixon.

• Weather conditions remain unstable. There will be another rash of severe tornados, earthquakes and flooding. Mexico, Nicaragua, and California will be hit by killer quakes by the end of 74. Big tornados will take many lives around the world. Weather problems will create food shortages.

• Gerald Ford will be in the President's chair very soon. Only for a brief period of time remain in office.

• There is danger around Henry Kissinger at this time, another assination is close, he needs to be especially carefull in departing from planes.

• The mid-east holds much danger.

• I predicted weeks ago that the Watergate scandal would reach and hurt many more well-known politicians. The plot is still boiling and many more people will be involved. Watergate is not over. More deaths will occur. It will be proven that foreign money, some how was involved in Watergate and that conspiracy against our country was being investigated.

• Danger surrounds Bebe Rebozo, at this time, there is concern for his life.

• A well known minister will be killed in a plane crash before the end of 74. Many will die in this violent crash.

• Spiro Agnew, who I predicted scandal and his resignation, months before the facts, will once again will be in the news. Taxes, scandal and more well known people involved.

• The stock market will drop drastically in the coming weeks due to circumstances in the White House, but will recover within a 90 day period. Many people will hit the panic button and there will be a rash of suicides. the stock market will drop below 600.

• The Kennedy grandchildren are in danger. there will be more tragedy before the years end. The cancer will reoccur in Teddy Jr's body. Ted Kennedy should not consider running for President, if he does he will be assinated. I have seen this vision.

• There is tension brewing between Peru and Chile, a dangerous area at this time. Much concern in this area for flooding and another earthquake. there will be much political violence in this area.

• There will be a volcano erupting in the Pacific Islands. There is danger in this area, watch the end of summer bring many natural disasters.

• Cuba is on its return trip to freedom. Phidel Castro is running out of time. the spector of death is very near. Christmas will reunite many familys.

• Queeen Elizabeth will abdicate very soon and Prince Charles will take over. There is much danger around the royal family and especially Charles at this time.

• The mid-east war will continue to escalate, as I predicted months ago the United States will be placed in an unfavorable light, other countries will be involved. The visions I had during Easter were very alarming. Watch China become involved in this war.

• There will be a rash of major airline crashes within the next seven weeks. More than one will go down in water.

• There is concern for the health and well being of Pope Paul, there will be a new Pope very soon.

• Serious storms, hurricanes, tornados will hit Texas and Louisiana, there crops will be destroyed.

• A hostile group will kidnap a high government official and demand power rather than money. This will happen very soon.

H & N Is there anything else that you think is important for the future, Bernadene?

B • News of national importance will come forth from the land of Egypt, within months. This will benefit mankind.

• Hale Boggs will be much in the news. It will be within weeks. My belief is that this man is still alive.

• There will be investigation into the Robert S. Kennedy assination. This investigation will prove beyond a shadow of doubt that Sirhan Sirhan did not act alone. The actual killer remains free at this time.

• Patricia Hearst will be reunited with her family. There will be more violence within days with the SLA. At the present time, I feel a gathering of strength with this group. Patricia will only for a short time be incarcerated, then she will be returned to her family.

• I feel California and Florida will be in the news, within a short period, when laws governing the medical association will drastically change. Surgeons, physicians, psychiatrists will accept and recognize spiritual healing. Many noted medical men will be very anxious to tell of work with faith healers.

H & N Thank you very much Bernadene, I hope this message reaches the right people in the future and at the right time.

B I am sure it will. As I said earlier the most difficult thing for each of us to accept that full self-realization is our divine legacy. And it is what we came into incarnation to accomplish on the physical plane. Harmony, balance, prosperity, and most important, spiritually. And spiritual development are ours literally for the asking, if we but reach out All those who seek answers to the eternal law and who recognize that there is a power greater than ourselves can find inspiration in the biblical injunction, Ask and it shall be given you, Seek and you shall find, Knock and it shall be opened to you. Remember, that by finding things within yourself, only then, will you be able to share them with others. I would say not to reject what you do not understand, for with understanding there will be acceptance.

H & N Bernadene, could you again tell us where to reach you?

B I can be reached at the Hilarion House, 4618 No. Florida Ave., Tampa, Florida 33603, or you can write me in care of Here and Now.

Chit-Chat

So many things are happening that it is hard to remember all of them.....The Fair at San Bernardino was hot and smogy, thus resulting in poor attendance, but I think those who were, met some real fine people!..... In our travels we met a man who does beautiful custom jewelery, his name is Gerandro Terranova.. I for one find it very hard to describe the beauty of the soul of this man or of his work. Its beyond the imagination, unless you see it. He is in Los Angeles.....David St. Claires new book on "Psychic Healers" is to be realeased in September, watch for it!.... Also congratulations to David, he is the new Pres. of So. Calif. Psychical Research Society.....Bernadene Villanueva had a record breaking crowd of over 2400 people at her lecture at the Ambassador in Los Angeles. She covered many subjects of a spiritual nature, plus predictions..... A tribute to Jean Dixon will be held soon in Los Angeles, watch for the announcement..... Robert Parker has a new magazine called "New Awareness".....Robert Prete's "Rising Sign" carries a lot of good information.....ESP Psychic Fair, led by Russ Michael, had a small crowd, but a very good one. Lots of good speakers and workshops. Don't miss the next one he puts on.....We will have a follow up on Tony Benik in the October issue.....The UFO Fair at Anaheim was well attended, but many of the speakers did not show up. Some very interesting booths however. One was a gadget which the inventor said had no real purpose, but was to be an incentive to young people to keep the imagination rolling.....Bevy Jaegers was most welcomed on the west coast. Her Psychic Rescue Squad should be better known. People need to know some one they can turn to for help in criminal cases.. The United States Psychic Rescue Squad is also working with many police departments across the country. It was very interesting to hear her narrations about the work.....Jo Ellen.....

STAN SPEARS

Stan Spears told us about his classes, in which he teaches the Christian Mysteries, the miracles; Immaculate conception, what it means to you. . He says it's a mystical thing, not a historical thing.

CRISWELL:

Patricia: What do you think of the fair?

Criswell: This is the 5th fair I have attended in the last two years, and I find them very fascinating because you meet so many of your old friends and make so many new ones.

Patricia: Are you working on another book?

Criswell: Yes, I am working on another book. This one is called "Criswell Confesses", and it has 500 new predictions.

Patricia: And when will it be released?

Criswell: It will be released in time for Christmas. It should be very interesting. I've brought in a lot of my former lives, etc. People I've known, etc. Psychic experiences and that type of thing.

Patricia: Anybody interesting that we would like to know about?

Criswell: Well, I have done quite a bit on Mae West.

Patricia: That should be very interesting. I understand she is quite psychic.

Criswell: Very psychic. Yes, I've been friends with her for many,many years. She is very interested in this field. She got into it quite by accident. She was coming down some steps and there was a character woman she had known for years and she recognized her voice. A voice in her ear said she was going to trip on the bottom step and break her ankle.

Patricia: She heard this voice in her ear?

Criswell: Yes, a voice in the ear. She got down to the bottom step and she slipped. It was an icy day in New York. I was there when it happened. She was in Diamond Lil's at the time, and of course they wrapped up the ankle. Then she started to believe in the things she heard.

Patricia: She heard voices in her ear? She is definitely a channel then?

Criswell: Oh, Yes, She definitely hears whispers.

Patricia: Can other people hear these voices?

Criswell: Oh, Yes other people can hear them too.

Patricia: How long ago did this happen?

Criswell: About 1948. she was a great friend of T.J. Kelly. He could read the billets. He didn't even have to blind fold himself. He did not need tricks or anything of that kind. He could just pick up an envelope and read it with his eyes closed. Dunniger has a wonderful book out called "Dunninger's Secrets". Everyone should read it.

ROBERT MOSER

Our talk with Bob was interesting but a little hard to sort out in words. Bob is doing research work in Krilian Photography, and we expect to hear more about his work in the near future.

We also talked with Dr. Fred Andrews of Creative Living & June Brockway of Allen's Book Store. Once again we met with Jonathan the artist. We will feature another one of his paintings on our cover in the near future (he did our September '73 cover). While we were in the southern California area,we also attended the UFO convention and met many old friends We will be bringing you information and word of new teachers as we travel around the country.

Tony No. In this respect: you must remember the one unusual thing about this is that the pyramid itself was 3-sided, not 4-sided.

H & N I believe that the pyramid on the 1-dollar bill is 3-sided, is it not?

Tony You're only seeing it one-dimensional on the money. But all the pyramids in Egypt are 4-sided. This is not; this is 3-sided. The top is like taking a square block of concrete and then just setting it on top, and it has 4 sides to it and goes down for about 300 feet.

We worked around this pyramid, or what he had sketched out, and on each of the seances the figures were the same, plus more information was added to it. In that particular expedition--that's exactly what it was, an expedition, which lasted 14 days--we did a series of 21 seances. Information that came through to us pointed to other reference points in South America, in the United States, in Alaska, and in Norway. The reason we know this is the particular area is because a sketch of the map of that particular country was mapped out, and the name of the country was spelled in.

H & N How many mediums did you have with you, Tony?

Tony Eleven. This is the first time we had worked with mediums, and why we chose eleven, I don't know. But it seemed to work the best.

The next expedition we went on was six months later. I had selected 11 other mediums. They didn't even know what was going on, had no idea that this expedition had been done before, and they were wary. Some of them had heard about the Devil's Triangle and were sweating. They didn't want to go into it. But I assured them that it would be all right, that I had gone in there by myself--I didn't tell them I had others--and that I came out O.K. So they agreed, and this was a 28-day expedition. We were trying to spend a full month down there. And in that 28 days we had 68 seances in the Devil's Triangle. The interesting part of the second one was--and this might be of particular interest to people who are, say emotionally or psychically, connected to Mt. Shasta--one of the mediums, who was an artist, drew a picture of Mt. Shasta. The question we had asked was, "What is the closest reference point to what we are on now?", and his hand flew across the sketch pad, and he sketched out a mountain. I had never seen Mt. Shasta. However, when he finished with the outline, he wrote Mt. Shasta underneath it. What the correlation between the two is, I have no idea. However, I feel that, in one way or another, there is a key that lies in Mt. Shasta. What the key is, again, I have no idea. But there is some correlation between that and this pyramid.

The third expedition that we went on lasted exactly 4 months. Here we had all kinds of equipment, electronic equipment, which, I might add, didn't work once we got in the Devil's Triangle.

On this long expedition we have found that there were buildings surrounding the pyramid. The pyramid itself--it came out in trance--is not a temple. It is a center of locked up universal knowledge--not world knowledge, but universal knowledge. And the time is coming when it will reveal itself.

I want to point out another distinguishing thing here for people who are interested in this: the top of the pyramid is 2000 feet from the surface of the water.

H & N You mean down.

Tony Right. From the very top of the pyramid. Now this means that from the base of the pyramid to the top of the water is, roughly, I would say, around 8000 feet.

H & N Do you think that there might be any correlation between this that you and your people have discovered with Cayce's material on the pyramids of Atlantis, the Temple Beautiful, the Temple of Sacrifice, and the predictions that Cayce gave that there would be a place found where the Atlantean records are kept?

Tony Well, in the trance sessions it did come out that the Atlantean records were kept in 3 different places. When I'm talking about records, I am talking about complete records, and duplicates. The main one is in the Devil's Triangle. However, one thing we found out that was very interesting was that there are several other Devil's Triangle around the world.

H & N Yes. There are 5, I believe.

Tony No, there are 7.

H & N O.K., 7.

Tony What these other ones are, I have no idea, because we didn't visit them. We don't know what they are. They could be called temples--I don't know. The pyramid that we discovered--and at the time, I will repeat, I knew nothing about Cayce at all--is pinpointed accurately by Cayce.

H & N Have you ever been in touch with the A.R.E. about this?

Tony No. When I say "in touch", I did write them a letter, but I never received an answer.

H & N Do you have any future plans regarding this particular expedition?

Tony Yes, there is another expedition being planned. It's going to last exactly 6 months. We are not going to take any electronic equipment along. We are going to use diving equipment. We feel, so far, we have been protected from any, quote, "outside forces". We have not been prevented from going in, and we have been allowed to come out.

H & N Did you pick up any reason for the disappearance of people, planes, ships, etc.?

Tony Yes. That's a very interesting question. Maybe some people won't be able to understand this. However, the one thing that came out with the trance medium was that all things that had gone into it, that had disappeared--visualize this--that the atoms were broken down and absorbed into this shield. However, when the shield is lifted, these people, these planes, these ships, these yachts, row boats, fishing boats----will rematerialize. The reason for this is that these people worked at the pyramid, and they belonged there. They have been replanted for the time of say, quote, "the Resurrection".

H & N And what do you think it's going to take to lift this shield?

Tony I have no idea. We might find out. I think it's a shield that is---- "tunned", shall we say, to certain people's vibrations, so that they are allowed to go in and come out. This is the nearest explanation that we have. We have no other explanation. We wouldn't even venture a guess. Now to say, "Well, how did all of those people get in there that you took, all of those mediums and the boat's captain----how were all those people able to get in there and to return?" Well, I guess, let's say, the shield--if there is knowledge there that is programmed to the vibrations--knows this. That's the only answer I have.

H & N Could we possibly say that someone has got to find it, that someone has got to become aware and absorb the knowledge of it so that it can be given to the proper people so work can be done on it?

Tony You say it has to be found, but I want to remind you that one thing that came out of this is that this shield has been there for 400,000 years, and it hasn't been found in that length of time. And anything that goes in there to look for it, as far as we know, never came out---except us. Now, why us? I don't have the answer to that.

H & N Well, I'm thinking of a statement you made before this interview, that the millenium is upon us, that there will be changes, that in

order to propagate these changes there is certain ancient knowledge that has to be made available.

Tony The knowledge---not the knowledge, but the resurrection of Atlantis will not come until the 6th year of the Aquarian Age.

H & N 2006, is that what you're saying?

Tony Well no, because I don't know when it's supposed to start. I have no idea. But in the trance readings it said, "In the sixth year of the Aquarian Age".

H & N I thought the Aquarian Age had already started.

Tony No, we are on the cusp.

H & N I see.

Tony We have not gone into it, as far as I know. I asked one of the astrologers how long it would be before we go into it. One told me 300 years. Another one told me 87 years. Another one said into the year 2001. Well, I don't know what to believe.

H & N I can understand.

Tony I am not an astrology buff. I know nothing about it, and here I ask three points of view, and I get three separate answers, so I really don't know.

Editors Note: In the September issue we will have an article about Rev. Anthony Benik and why he has been led to his present occupation in the spiritual world.
